### Classification

|                             |   |
|-----------------------------|---|
| <b>Scientific Name</b>      | <i>Ipomopsis tenuifolia</i> (Gray) V. Grant |
| <b>Common Name</b>          | slender-leaved ipomopsis                    |
| <b>Family</b>               | Polemoniaceae                               |
| <b>Element Code</b>         | PDPLM060J0                                  |
| <b>USDA Plants Symbol</b>   | <u>IPTE3</u>                                |
| <b>Synonyms/Other Names</b> |   |

### Conservation Status

|                                   |  |
|-----------------------------------|--|
| <b>California Rare Plant Rank</b> | 2B.3                                   |
| <b>Global Rank</b>                | G4                                     |
| <b>State Rank</b>                 | S2                                     |
| <b>CESA</b>                       | None                                   |
| <b>FESA</b>                       | None                                   |
| <b>Other Status</b>               | SB_CalBG/RSABG                         |
| <b>CRPR Changes</b>               | changed from 2.3 to 2B.3 on 2013-06-12 |
| <b>Date Added</b>                 | 1974-01-01                             |
| <b>Last Update</b>                | 2022-01-05                             |

### Ecology and Life History

|                             |   |
|-----------------------------|---|
| <b>Lifeform</b>             | perennial herb  |
| <b>Blooming Period</b>      | Mar-May   |
| <b>Elevation m (ft)</b>     | 100-1200 (330-3935)   |
| <b>General Habitats</b>     | Chaparral, Pinyon and juniper woodland,<br>Sonoran desert scrub |
| <b>Microhabitat Details</b> |   |
| <b>Microhabitat</b>         | Gravelly (sometimes), Rocky (sometimes)                         |

## Threat List Data from the CNDDDB

|                                |                  |                    |
|--------------------------------|------------------|--------------------|
| <b>Threat List Total:</b>      |                  | 4                  |
|                                | <b>Total EOs</b> | <b>Percent EOs</b> |
| <b>EOs with Threats Listed</b> | <b>5</b>         | <b>29%</b>         |
| <b>Threat List:</b>            |                  |                    |
| Non-native plant impacts       | 3                | 17%                |
| ORV activity                   | 3                | 17%                |
| Vandalism/dumping/litter       | 2                | 11%                |
| Foot traffic/trampling         | 2                | 11%                |

## Element Occurrence Data from the CNDDDB

|                                   |    |
|-----------------------------------|----|
| <b>Total Element Occurrences:</b> | 17 |
| <b>Element Occurrence Ranks:</b>  |    |
| Excellent (A)                     | 0  |
| Good (B)                          | 3  |
| Fair (C)                          | 1  |
| Poor (D)                          | 0  |
| None (X)                          | 0  |
| Unknown (U)                       | 13 |
| <b>Occurrence Status</b>          |    |
| Historical, > 20 years            | 10 |
| Recent, < 20 years                | 7  |
| <b>Presence</b>                   |    |
| Presumed Extant                   | 17 |
| Possibly Extirpated               | 0  |
| Presumed Extirpated               | 0  |

## Location

|  |    |
|--|----|
| <b>California Endemic</b>                    | No |
| <b>Counties</b>                              |    |
| Imperial (IMP), San Diego (SDG)              |    |
| <b>States</b>                                |    |
| Baja California (BA), California (CA)        |    |
| <b>Quads</b>                                 |    |
| In-ko-pah Gorge (3211661), Jacumba (3211662) |    |

### **Notes**

Definitions of codes preceding a county and/or quad:

\* Presumed extirpated

(\*) Possibly extirpated

Species may be present in other areas where conditions are favorable. These data should NOT be substituted for pre-project review or for on-site surveys.

## **Notes**

See *Proc. Amer. Acad.* 11: 86 (1876) for original description and *El Aliso* 3(3): 357 (1956) for revised nomenclature.
