Notes

Definitions of codes preceding a county and/or quad:

* Presumed extirpated

(*) Possibly extirpated

Species may be present in other areas where conditions are favorable. These data should NOT be substituted for pre-project review or for on-site surveys.

Notes

Threatened by development. Possibly threatened by grazing and competition from non-native plants. Similar to *N. heterandra*. See *Leaflets of Western Botany* 2(8):136 (1938) for original description, and *Novon* 3(4):331-340 (1993) for revised nomenclature.
