## **Notes**

Definitions of codes preceding a county and/or quad:

\* Presumed extirpated

(\*) Possibly extirpated

Species may be present in other areas where conditions are favorable. These data should NOT be substituted for pre-project review or for on-site surveys.

## **Notes**

Possibly threatened by hydrological alterations and recreational activities. Potentially threatened by non-native plants. Are SIS Co. occurrences misidentified? Occurrences from the Delta in SJQ Co. need further study.
