Notes

Definitions of codes preceding a county and/or quad:

* Presumed extirpated

(*) Possibly extirpated

Species may be present in other areas where conditions are favorable. These data should NOT be substituted for pre-project review or for on-site surveys.

Notes

Some historical occurrences extirpated by urbanization. Threatened by development. Potentially threatened by road widening. Includes plants previously treated as *D. increscens* ssp. *foliosa* from SBA and SLO cos. Confused with *D. conjugens* and *D. fasciculata*. See *Hemizonia paniculata* in *TJM* (1993). See *Proceedings of the American Academy of Arts and Sciences* 19:17 (1883) for original description.
