Location

California Endemic | Yes

Counties

San Bernardino (SBD)

States

California (CA)

Quads

Big Bear City (3411637), Big Bear Lake (3411628), Harrison Mtn. (3411722), Moonridge (3411627), San Gorgonio Mtn. (3411617)

Notes
Definitions of codes preceding a county and/or quad:
* Presumed extirpated
(*) Possibly extirpated
Species may be present in other areas where conditions are favorable. These data should NOT be substituted for pre-project review or for on-site surveys.

Notes
Known only from the San Bernardino Mtns. Threatened by hydrological alterations, water diversions, and vehicles. Possibly threatened by development, recreational activities, and foot traffic. Similar to S. sparsifolia. See University of Washington Publications in Biology 18:36-38 (1957) for original description.

**Threats**

Threatened by hydrological alterations, water diversions, and vehicles. Possibly threatened by development, recreational activities, and foot traffic.

**Taxonomy**

Threatened by hydrological alterations, water diversions, and vehicles. Possibly threatened by development, recreational activities, and foot traffic.
