### **Notes**

Definitions of codes preceding a county and/or quad:

\* Presumed extirpated

(\*) Possibly extirpated

Species may be present in other areas where conditions are favorable. These data should NOT be substituted for pre-project review or for on-site surveys.

## Notes

Known from only Ramshaw Meadows and Templeton Meadows. Possibly threatened by trampling and potentially threatened by meadow succession. Previously a candidate for federal listing. See *Botanical Gazette* 27:444-457 (1899) for original description, and *Aliso* 7(2):201-205 (1970) for discussion of rediscovery.
