**Background**

Proposed for addition to 6th Ed. but instead postponed. Parker's comment on 7/23/1999 indicates further study is needed in recognizing the subspecies of *A. tomentosa*. Also mentioned by T. Corelli that it was too common to add back in early 1999. It is currently recognized as *A. crustacea* ssp. *crinita*, which is a local species, but not indicated as rare or uncommon.

**Inventory Record**

*Arctostaphylos tomentosa* ssp. *crinita*

CBR: A synonym of *A. crustacea* ssp. *crinita*; a common taxon.
