

Considered But Rejected: *Asclepias linaria*

Aaron E. Sims
February 14, 2017

Background

Postponed from 6th Ed. with notes “How common is this plant? Any threats? Postponed until after 6th ed. – little data available.” According to Jepson Interchange, this species only exists in cultivation in California. Single CCH record confirms this.

Inventory Record

Asclepias linaria

CBR: Occurs in CA only under cultivation.
