**Background**

Proposed for addition to 6th Ed. but instead postponed. Parker's comment on 7/23/1999 indicates further study is needed in recognizing the subspecies of *A. tomentosa*. It is currently recognized as a synonym of *A. crustacea* ssp. *rosei*, which appears to be infrequent based on collection records, but occupies a large distribution along the coast, from Mendocino to Santa Barbara counties.

**Inventory Record**

*Arctostaphylos tomentosa* ssp. *rosei*

CBR: A synonym of *A. crustacea* ssp. *rosei*; a common taxon.
