

Considered But Rejected: *Arctostaphylos tomentosa* subsp. *tomentosa*

Aaron E. Sims
February 13, 2017

Background

Proposed for addition to 6th Ed. but instead postponed. Parker's comment on 7/23/1999 indicates further study is needed in recognizing the subspecies of *A. tomentosa*. It appears to be local based on collection records, but appears to be too common; especially too common if other subsp. are not taxonomically accepted. Further evidence suggesting it's too common are the 316 records of *A. tomentosa* not annotated to subspecies in CCH.

Inventory Record

Arctostaphylos tomentosa ssp. *tomentosa*
CBR: Too common.
