Notes

Definitions of codes preceding a county and/or quad:

* Presumed extirpated

(*) Possibly extirpated

Species may be present in other areas where conditions are favorable. These data should NOT be substituted for pre-project review or for on-site surveys.

Notes

Threatened by horticultural collecting and logging. Potentially threatened by road maintenance. Many protected populations on USFS land not reproducing. On watch list in OR. See *Proceedings of the American Academy of Arts and Sciences* 7:389 (1868) for original description, and *Fremontia* 17(2):17-19 (1989) and *The Wild Orchids of California*, p. 62-64 (1995) by R. Coleman for species accounts.
